*Enter your cumulative GPA including last term. NOTE, this may not be the same as what appears on your transcript. For membership in this national honor society, candidates must include all E-credited courses which are at the 100-level or higher (Remedial courses, which begin with a OXX do not count). See below for instructions on recalculating your GPA, if necessary.

Calculating your GPA

Your GPA is calculated by multiplying your number of credits by the grade value (A=4, B+=3.5, B=3, C+=2.5, C=2, D=1, F=0) with the product being your quality points. The total number of quality points is then divided by the total number of credits to obtain your GPA.

Rutgers Cumulative GPA where college-level E-credits do not count (remedial class)

4 credits of A work (a value of 4) = 16 quality points

3 credits of B work (a value of 3) = 9 quality points

3 E-credit of F work (a value of 0) = 0 quality points

7 Rutgers cumulative credits 25 cumulative quality points $25/7 = 3.57$ Rutgers cumulative GPA

AED Cumulative GPA where college-level E-credits do count (failed class)

4 credits of A work (a value of 4) = 16 quality points

3 credits of B work (a value of 3) = 9 quality points

3 E-credit of F work (a value of 0) = 0 quality points.

10 AED cumulative credits 25 AED cumulative quality points $25/10 = 2.5$ AED cumulative GPA
